

		Feature Name	Description	Supporting Search
P1: MUST HAVE	1.	Ability to sign up and login	Every user has his own account to log in easily.	Client's Brief
	2.	Ability to add cases	Every Case consists of folders and files.	Client's Brief, Competitive Analysis, User Survey
	3.	Ability to upload files	You can upload as many files as you want. Every file is assigned to the "Case".	Client's Brief, Competitive Analysis, User Survey
	4.	Ability to share files between people	You can share files with people you want using a shareable link or via e-mail.	Client's Brief, Competitive Analysis, User Survey
	5.	Automatic File Encryption	All files are automatically encrypted, Lex Binder doesn't have the keys and cannot access the files (distinguishable feature from other file sharing services).	Competitive Analysis
	6.	Ability to archive cases	Cases are divided into open, closed and archived.	Competitive Analysis, User Survey
	7.	Ability to add tasks to cases	You can add tasks/steps to cases. You can assign tasks to clients.	Competitive Analysis, User Survey
	8.	"Templates"	You can use legal "Templates" with a predefined list of steps to follow (for example for setting up a company). You can also create your own templates.	Competitive Analysis, User Survey
	9.	"Leads"	Clients create cases with a short description and publish them to be seen by all lawyers. Interested lawyers choose cases which they want to take. Then, the client chooses the lawyer to work with.	Competitive Analysis
P2: NICE TO HAVE	10.	Ability to check the status of the legal case	You can check the status of the legal case as a lawyer or as a client.	Client's Brief, Competitive Analysis, User Survey
	11.	OCR (automatic text recognition)	You can search jpg or PDF files for desired keywords.	Competitive Analysis, User Survey
P3: SURPRISING AND DELIGHTFUL	12.	Notifications	You are notified when somebody adds/edits/archives/deletes a file/folder or a case.	Competitive Analysis, User Survey
